

At Home Whitening

This option consists of one 15-minute appointment to take impressions of your teeth. You will use these trays for your whitening. It will take more or less 14 half hour sessions to get to your end result depending on the type of whitening being used.

We offer the following take home kits:

- Philips Zoom
- White Dental Beauty
- Opalescence

In Chair Whitening

- Philips Zoom Whitening is minimally invasive, with no damage to the enamel or soft tissue and is safe to end effective with rapid results of up to 8 shades whiter in under an hour.
- We offer a variety of in chair options
 - In chair whitening only
 - In chair whitening together with a take home whitening kit
 - Touch up sessions

Please contact us for a pricelist or book a 15min FREE consultation for a customized whitening plan
